N E W S     A N D     V I E W S

Woman - you will need blank "EVERETT ECHOES" paper for camp news paper. Thank you!

Congratulations to our Irving Cohen, Headmaster of our tutorial program and currently principal of Thomas Jefferson High School, who has qualified as a District Superintendent of Schools in New York City.

Mike Merig, our P.G.A. golf instructor will return to Everett on a full time basis, including instruction on the golf course. Mike was an instructor at the Wykagyl Country Club and held the course records at the Miami Spring Golf Course and the Pelham Bay Golf Course. Fore!

Dr. Wolfgang Glasser, our camp doctor, and Joan Trachy, our Registered Nurse, became Dr. & Mrs. Glasser this past October, while in California. Congrats!

Welcome back to camp, Louise Graham, our baker, who will be with us in 1966, after a year's sabbatical. There go our diets. Mmm, mmm.

Nuptial News: Marty Brenner, son of our Girls' H.C. and former counselor, will marry next June, after completing two years of medical school.

David Halperin, son of Roz and Jack Halperin, and former Senior Boys' Counselor will take his marriage vows next January. Lots of luck to Marty and David. Two swell boys who grew up at Everett.

Janet Zeller, who spent 13 years at Everett as a camper and counselor, graduated #1 in her class from Beaupre, women's division of Tufts. Janet is now teaching in Mass. and studying for a graduate degree. What a gal!

Johnny Richards writes from Buffalo U. that he is freezing up there and can't wait to get back to Everett. We sent him "long johns".

Sheila Kiernan, our Dramatic Counselor, is busy editing scripts for a gala time this summer. Her dancing is pretty good too. Remember!

Ira Beckoff, the "Zero Mostel" of Everett, has a million surprises and laughs up his sleeves.... and they are big enough to hold them.
